INDUSTRIAL MEDICINE AND SURGERY

Subject Index

Volume 40 • Numbers 4-9 • 1971

alcoholism

Four Year Follow-Up Of Metronidazole Treatment Program For Alcoholism
S.B. Penick, M.D., Judith B. Sheldon, R.N., Donald I. Templer, Ph.D., and Russell N. Carrier, M.D., June, page 30.
Pitfalls in a Rehabilitation Program for the Alcoholic Employee
Robert M. Clyne, M.D., September, page 34.

announcements

Alcohol and Addictions; April, page 6.
Prevention and Suppression of Dust in Mining; April, page 9.
Medical Malpractice, Doctor-Lawyer Relationships Topics of Conference, May, page 9.
Robert D. McIntosh, June, page 37.
A.M.A. Congress on Occupational Health, June, page 38.
Pan American Medical Association, June, page 38.
Rene Barthe Prize 1972, August, page 38.
Puerto Rico to be Site of Rehabilitation Congress, August, page 38.
World Medical Assembly to Convene in Ottawa, August, page 38.
Dr. Newill Named EPA's Health-Effects Research Chief, November, page 37.
Farish, New OSHA Director of Program Operations, November, page 37.

appointments

Dr. Robert E. Hull, August, page 5.
John K. Irion, M.D., August, page 5.
National Commission on State Workmen's Compensation Laws, August, page 5.
Dr. Richard A. Sutter, September, page 9.
Dr. John R. Hogness, September, page 9.

aviation medicine

Information and Instruction: Little-Known Tasks of Civil Aviation Physicians
J. Pasquet and M. Medvedeff, November, page 15.

cancer

Lung Tumors of Primates and Rodents Induced by Industrial Chemicals (Part I)
Gerrit W.H. Schepers, M.D., April, page 48.
Cancer and Pre-Cancer of the Skin, Review of 40 Years' Experience in Therapy
Joseph J. Eller, M.D., April, page 54.
Lung Tumors of Primates and Rodents (Part II)
Gerrit W.H. Schepers, M.D., May, page 23.
Lung Tumors of Primates and Rodents (Part III)
Gerrit W.H. Schepers, M.D., June, page 8.

clinical practices

A New Drug Delivery System for the Eye
Loran B. Morgan, M.D., September, page 11.

commentary

A.A. Hoffman, M.D., July, page 10.

continuing education

Current Concepts of Otitis Media
Herbert Kean, M.D., November, page 19.

diagnosis

Pulmonary Function Tests in the Early Recognition and Control of Industrial Pulmonary Disease
Robert L. Galphin, Jr., M.D., June, page 27.

drugs

Impact of the New Approach to the Problem of Drug Dependence in Great Britain
P.H. Connell, M.D., April, page 17.
The Abuse of Drug Abuse
Peter G. Hammond, April, page 25.
Some Consideration for the Treatment of Non-Narcotic Drug Abusers
Carl D. Chambers, Ph.D., April, page 29.
The Dilemma of a Drug Abuse Program
W. Wayne Stewart, M.D., Charles S. Ryan, M.D., George B. Trammel, and James I. Waibel, August, page 29.

editorial

W. Wayne Stewart, M.D., July. page 32.
Louis B. Arnoldi, M.D., October, page 28.

environmental health

Environmental Health – Management Viewpoint
Harold K. Katz, July, page 16.

food hygiene

Prevention of Food-Borne Diseases in Civil Aviation
D.A.A. Mossel, M.D., and J. Hoogendoorn, M.D., July, page 25.

industrial disability

The Process of Recovery: Patterns in Industrial Back Injury. Costs and Other Quantitative Measures of Effort (Part I)
Stephen S. Leavitt, M.D., Tom L. Johnston, M.S., Robert D. Beyer, M.P.A., November, page 7.
The Process of Recovery: Patterns in Industrial Back Injury. Predicting Outcomes from Early Case Data (Part II)
Stephan S. Leavitt, M.D., Tom L. Johnston, M.S., Robert D. Beyer, M.P.A., December, page 7.

international meetings

II International Symposium on Toxicology of Carbon Disulphide
Jan Lieben, M.D., October, page 37.

legislation and regulations

HASA Proposed Enforcement Regulations for Occupational Safety and Health, July, page 33.
HASA Proposed Rule Making, August, page 33.
The Controlled Substances Act of 1970, September, page 18.
Federal Civilian Employee Alcoholism Program Guidelines for Implementation, December, page 25.

multiphasic health

Applied Concepts of Automation in an Occupational Medical Program
James L. Craig, M.D., and O. Merton Derryberry, M.D., August, page 9.
Experience with Computerized Electrocardiograms
Lawrence J. Mellon, M.D., Warren D. Jensen, M.D., Elizabeth McLain, R.N. and Frank J. Sambuco, B.A., October, page 7.
Mobile Multiphasic Health Testing in TVA's Occupational Health Program
James L. Craig, M.D. and Robert L. Craig, M.D., October, page 10.
Experience with Automated Multiphasic Health Testing
R.L. Breckenridge, M.D., October, page 18.
Medical Information System – El Camino Hospital
Bryan M. Shieman, M.D., October, page 25.
Irrigation Cervico-Vaginal Cytology in Industrial Health Screening Examinations
Marvin Shuster, M.D. and Hugo C. Pribor, M.D., October, page 30.
Computerized Health Test Program in a Mobile Medical Center
M.V. Carson, October, page 35.
The Health Care+A+Van
Alfred Reichart, December, page 36.

Stephan S. Leavitt, M.D., Tom L. Johnston, M.S., Robert D. Beyer, M.P.A., December, page 7.

international meetings

II International Symposium on Toxicology of Carbon Disulphide
Jan Lieben, M.D., October, page 37.

legislation and regulations

HASA Proposed Enforcement Regulations for Occupational Safety and Health, July, page 33.
HASA Proposed Rule Making, August, page 33.
The Controlled Substances Act of 1970, September, page 18.
Federal Civilian Employee Alcoholism Program Guidelines for Implementation, December, page 25.

multiphasic health

Applied Concepts of Automation in an Occupational Medical Program
James L. Craig, M.D., and O. Merton Derryberry, M.D., August, page 9.
Experience with Computerized Electrocardiograms
Lawrence J. Mellon, M.D., Warren D. Jensen, M.D., Elizabeth McLain, R.N. and Frank J. Sambuco, B.A., October, page 7.
Mobile Multiphasic Health Testing in TVA's Occupational Health Program
James L. Craig, M.D. and Robert L. Craig, M.D., October, page 10.
Experience with Automated Multiphasic Health Testing
R.L. Breckenridge, M.D., October, page 18.
Medical Information System – El Camino Hospital
Bryan M. Shieman, M.D., October, page 25.
Irrigation Cervico-Vaginal Cytology in Industrial Health Screening Examinations
Marvin Shuster, M.D. and Hugo C. Pribor, M.D., October, page 30.
Computerized Health Test Program in a Mobile Medical Center
M.V. Carson, October, page 35.
The Health Care+A+Van
Alfred Reichart, December, page 36.

occupational health
Occupational Health and Safety: The Need for Reappraisal
Leo Teplow, July, page 20.
A Prediction: Occupational Health in the 1970's
Richard A. Sutter, M.D., September, page 14.
The Extended Role of the Nurse in Occupational Mental Health Programs
Mary Louise Brown, R.N., December, page 17.

occupational medicine
Training in Occupational Medicine in Other Lands
Gordon C. Smith, M.B., April, page 39.

physical examinations
The Validity of the Periodic Health Examination
Francis N. Lohrenz, M.D., May, page 21.

preventive medicine
The Value of Continued Followup in a Preventive Medicine Program
Carlos Villafana, M.D. and Jean Mockbee, July, page 11.

radiology
Diagnostic Radiation and the Protection of the Patient
J.L. Weeks, M.B., August, page 24.

reports
First Symposium on Occupational Health in South East Asia
Alan Bell, M.D., November, page 34.

safety
Accidents During Work and Time of the Day
Diego Pupo Nogueira, M.D., September, page 28.

toxicology
Subnormal Reproduction in Beagle Dogs Induced by DDT and Aldrin
Wm. B. Deichmann, W.E. MacDonald, A.G. Beasley, and D. Cubit, May, page 10.
Industrial Intoxications Which May Simulate Ethyl Alcohol Intake
Robert E. Eckardt, M.D., June, page 33.
The Neurological Effects of Methyl Bromide Poisoning
Jack O. Greenberg, M.D., July, page 27.
The Use of Hexamethylenetetramine (HMT) in Treatment of Acute Phosgene Poisoning
Peter Stavakis, M.D., July, page 30.
Response of the Dog to 24,000 and 1,285 MHz Microwave Exposure
Sol M. Michaelson, Joe W. Howland, and Wm. B. Deichmann, August, page 18.
Methanol Poisoning and Its Treatment
Karl Closs, September, page 20.
Occupational Exposure to Aldrin 2,4-D and 2,4,5-T and Its Relationship to Esterases
D.P. Bonderman, D.L. Mick, and K.R. Long, September, page 23.
Pesticide Levels in Patients on Maintenance Dialysis
R.L. Lawton, L.G. Johnson, and R.L. Morris, November, page 22.
New Evidence on the Old Problems of Trichloroethylene
James Edward Huff, Ph.D., November, page 25.
Toxicologic Implications of Motor Gasoline and Auto Emissions
Neill K. Weaver, M.D., December, page 31.

tropical medicine
Malaria Revisited
Edward Chow, M.D., September, page 31.

vaccines
Influenza Vaccines: The Effect of Chemical Refinement on Vaccine Reactogenicity in an Industrial Population
Frank B. Brandon, Ph.D., Joseph F. Sadusk, M.D., and I. William McLean, Jr., M.D., April, page 44.
